## Product Information

HD PVC Pipe Wrap, Isolation tape

### Product Description

Highly flexible anti corrosive tape, Excellent insulating properties.

### Application Fields

- Electrolysis barrier between dissimilar metals
- Joining sub concrete membranes

For the corrosion and abrasion protection of underground and above ground pipes. For the joining of large electrical cables and conduit. For use as an electrolysis barrier between dissimilar metals. For joining subconcrete membranes.

### Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

### Product Construction

- |                    |              |                   |        |
|--------------------|--------------|-------------------|--------|
| • Backing          | PVC film     | • Total thickness | 250 µm |
| • Type of adhesive | rubber based |                   |        |

### Properties/Performance Values

- |                       |       |                    |           |
|-----------------------|-------|--------------------|-----------|
| • Elongation at break | 230 % | • Tensile strength | 42.4 N/cm |
|-----------------------|-------|--------------------|-----------|

### Adhesion to Values

- |         |          |
|---------|----------|
| • Steel | 2.2 N/cm |
|---------|----------|
