Safety Data Sheet according to WHS Regulations

Version number 40 (replaces version 39) Revision: 14.01.2023 Printing date 14.01.2023

Not classified as hazardous according to criteria of Australian Safety and Compensation Council.

SECTION 1: Identification

· 1.1 Product identifier

tesa 4962 · Trade name

· 1.2 Relevant identified uses of the substance or mixture and uses

advised against No further relevant information available.

Product category Application of the substance / the

mixture

Adhesive tape

· 1.3 Manufacturer/Supplier:

tesa SE

Hugo-Kirchberg-Strasse 1 D-22848 Norderstedt Tel.: +49-40-88899-101

PC1 Adhesives, sealants

Germany

Informing department: tesa SE, Corporate Regulatory Affairs

SDS@tesa.com, Tel.: +49-40-88899-6954

tesa tape Australia Pty. Ltd.

ACN095 484 290 ABN 16 095 484 290

Unit 5, 1 Foundation Place Prospect NSW 2148

Phone (Emergency): (02)9849 3929

Fax: (02)9849 3928

Email: Sales.Australia@tesa.com

· 1.4 Emergency telephone number:

Reception Headquarters

tesa SE, Hugo-Kirchberg-Str. 1, 22848 Norderstedt, Germany

Phone: +49 40 88899 2667 (Mon.-Thurs. 07:00-18:00h, Fr. 07:00-15:00h)

SECTION 2: Hazard(s) Identification

· 2.1 Classification of the substance or mixture

· Classification according to

Regulation (EC) No 1272/2008 The product is not classified, according to the CLP regulation.

· 2.2 Label elements

· Labelling according to Regulation

(EC) No 1272/2008 The product is classified and labelled according to the CLP regulation.

· Hazard pictograms Void · Signal word Void · Hazard statements Void

· 2.3 Other hazards The product evidently does not contain any organically bonded halogen compounds

(AOX), nitrates, heavy metal compounds or formaldehydes.

The product contains no elutable organic halogens, which will increase the AOX-

values of the waste water.

This product doesn't consist of any halogenated organic compounds (AOX), Nitrates,

Heavy Metals (sigma<100 ppm) and Formaldhyde.

· Results of PBT and vPvB assessment

· PBT: Not classified · vPvB: Not classified

(Contd. on page 2)

Page 2/7

Safety Data Sheet according to WHS Regulations

Printing date 14.01.2023 Version number 40 (replaces version 39) Revision: 14.01.2023

Trade name tesa 4962

(Contd. of page 1)

SECTION 3: Composition and Information on Ingredients

· 3.2 Mixtures

· **Description:** Carrier: Cellulose fleece

Adhesive: Polyacrylic acid ester mixed with adhesive resin

Liner (Red): MOPP Film Liner (Brown): Glassine Paper

· Dangerous components: Voice

• **SVHC** Free from SVHC substances or < 0.1 %.

· Regulation (EC) No 648/2004 on

detergents / Labelling for contents not applicable

• Additional information The wording of the listed hazard statements can be found in section 16.

SECTION 4: First Aid Measures

· 4.1 Description of first aid measures

• **General information** No special measures required.

· After inhalation Void

• After skin contact The product is not irritating to the skin.

Rinse with warm water.

· After eye contact Void · After swallowing Void

· Information for occupational

physician. Void

4.2 Most important symptoms and effects, both acute and delayed

Void

 4.3 Indication of any immediate medical attention and special

treatment needed Void

SECTION 5: Fire Fighting Measures

· 5.1 Extinguishing media

• Suitable extinguishing agents Use appropriate fire fighting measures.

For safety reasons unsuitable

extinguishing agents Water with a full water jet.

5.2 Special hazards arising from the

substance or mixture In the event of a fire, may be released:

Nitrogen oxides (NOx) Carbon monoxide (CO) Carbon dioxide (CO2)

Under certain fire conditions, traces of other toxic substances cannot be excluded.

· 5.3 Advice for firefighters

• **Protective equipment:** Put on breathing apparatus.

Do not inhale explosion gases or combustion gases.

· Additional information None

SECTION 6: Accidental Release Measures

· 6.1 Personal precautions, protective

equipment and emergency

procedures Not required.

(Contd. on page 3)

Page 3/7

Safety Data Sheet according to WHS Regulations

Printing date 14.01.2023 Version number 40 (replaces version 39) Revision: 14.01.2023

Trade name tesa 4962

(Contd. of page 2)

• **6.2 Environmental precautions:** No special measures required.

6.3 Methods and material for

containment and cleaning up: No special measures required.

Dispose of material in accordance with section 13.

• **6.4 Reference to other sections** No dangerous materials are released.

See Section 7 for information on safe handling

See Section 8 for information on personal protection equipment.

See Section 13 for information on disposal.

SECTION 7: Handling and Storage

• 7.1 Precautions for safe handling No special measures required.

· Information about protection

against explosions and fires: No special measures required.

· 7.2 Conditions for safe storage, including any incompatibilities

·Storage

Requirements to be met by

storerooms and containers: No special requirements.

· Information about storage in one

common storage facility:

Not required.

· Further information about storage

conditions:

None.

· 7.3 Specific end use(s) No further relevant information available.

SECTION 8: Exposure controls and personal protection

· 8.1 Control parameters

· Components with critical values that require monitoring at the workplace:

• Additional information: The lists that were valid during the compilation were used as basis.

· 8.2 Exposure controls

· **Appropriate engineering controls** No further data; see item 7.

· Individual protection measures, such as personal protective equipment

Breathing equipment: Not required.
Hand protection Not required.

• Material of gloves Suitability and resistance of a glove depend on the conditions of use, such as

frequency and duration of contact, chemical resistance of the glove material, thickness and fit of the gloves. As a general rule, the glove manufacturer should be consulted for the necessary information. Contaminated or damaged gloves should be replaced

immediately.

· Penetration time of glove material The exact breakthrough time must be obtained from the protective glove manufacturer

and must be observed.

· Eye/face protection Not required.

SECTION 9: Physical and Chemical Properties

· 9.1 Information on basic physical and chemical properties

· General Information

Physical state
Colour:
Smell:
Odour threshold:
Melting point/freezing point:

Solid.

transparent
Nearly odourless
Not determined

Not determined

(Contd. on page 4)

Safety Data Sheet according to WHS Regulations

Printing date 14.01.2023 Version number 40 (replaces version 39) Revision: 14.01.2023

Trade name tesa 4962

(Contd. of page 4)

· Desensitised explosives

Void

SECTION 10: Stability and Reactivity

• **10.1 Reactivity** No further relevant information available.

· 10.2 Chemical stability

Thermal decomposition / conditions

to be avoided: No decomposition if used according to specifications.

· 10.3 Possibility of hazardous

reactions

No dangerous reactions known

10.4 Conditions to avoid
 10.5 Incompatible materials:
 No further relevant information available.
 No further relevant information available.

· 10.6 Hazardous decomposition

products:

No dangerous decomposition products known

SECTION 11: Toxicological Information

· 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

· Acute toxicity Based on available data, the classification criteria are not met. · Skin corrosion/irritation Based on available data, the classification criteria are not met. · Serious eye damage/irritation Based on available data, the classification criteria are not met. · Respiratory or skin sensitisation Based on available data, the classification criteria are not met. Germ cell mutagenicity Based on available data, the classification criteria are not met. · Carcinogenicity Based on available data, the classification criteria are not met. · Reproductive toxicity Based on available data, the classification criteria are not met. Based on available data, the classification criteria are not met. · STOT-single exposure · STOT-repeated exposure Based on available data, the classification criteria are not met. · Aspiration hazard Based on available data, the classification criteria are not met.

11.2 Information on other hazards

· Endocrine disrupting properties

None of the ingredients is listed.

SECTION 12: Ecological Information

· 12.1 Toxicity

Aquatic toxicity:
 12.2 Persistence and degradability
 12.3 Bioaccumulative potential
 12.4 Mobility in soil
 No further relevant information available.
 No further relevant information available.
 No further relevant information available.

· 12.5 Results of PBT and vPvB assessment

PBT: Not applicable.vPvB: Not applicable.

12.6 Endocrine disrupting properties

propertiesThe product does not contain substances with endocrine disrupting properties.

12.7 Other adverse effects

· Additional ecological information:

According to recipe contains the following heavy metals and compounds according to EC guideline NO. 76/464 EC:

Free of heavy metals (Pb, Cd, Hg, Cr6+)

Free of polybrominated biphenyls (PBBs) and polybrominated diphenyl ethers

(PBDEs) in accordance with the RoHS Directive.

Safety Data Sheet according to WHS Regulations

Printing date 14.01.2023 Version number 40 (replaces version 39) Revision: 14.01.2023

Trade name tesa 4962

(Contd. of page 5)

• **General notes:** Not known to be hazardous to water.

SECTION 13: Disposal considerations

· 13.1 Waste treatment methods

• **Recommendation** Smaller quantities can be disposed of with household garbage.

Energy recovery: The product can be applied to a suitable waste incineration plant for

mixed waste.

Energy recovery by incineration in an approved waste incineration plant. Consider the applicable regulations of the country, the State or local area. For larger amounts of waste: consult the authorities prior the disposal.

 Additional information about the European waste catalogue:

Disposal should be carried out in compliance with the legal regulations after consultation with the competent local authority and the disposal company in a suitable facility approved for this purpose. According to EU Directive 2000/532/EC in conjunction with Directive 75/442/EEC, the assignment of a waste code number must be carried out on a sector-specific basis and in consultation with the regional disposal company.

The waste code number given above is therefore only a possible recommendation.

· Uncleaned packagings: Void

SECTION 14: Transport information

· 14.1 UN number or ID number · ADG, ADN, IMDG, IATA	Void
· 14.2 UN proper shipping name · ADG, ADN, IMDG, IATA	Void
· 14.3 Transport hazard class(es)	
· ADG, ADN, IMDG, IATA · Class	Void
· 14.4 Packing group · ADG, IMDG, IATA	Void
· 14.5 Environmental hazards:	Not applicable.
· 14.6 Special precautions for user	Not applicable.
· 14.7 Maritime transport in bulk according to IMO instruments Not applicable.	
· Transport/Additional information:	Not dangerous according to the above mentioned specifications.
· UN "Model Regulation":	Void

SECTION 15: Regulatory information

- 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture
- · Australian Inventory of Industrial Chemicals

None of the ingredients is listed.

· Standard for the Uniform Scheduling of Medicines and Poisons

None of the ingredients is listed.

(Contd. on page 7)

Page 7/7

Safety Data Sheet according to WHS Regulations

Printing date 14.01.2023 Version number 40 (replaces version 39) Revision: 14.01.2023

Trade name tesa 4962

(Contd. of page 6)

· Australia: Priority Existing Chemicals

None of the ingredients is listed.

· Directive 2012/18/EU

· Named dangerous substances -

ANNEX I None of the ingredients is listed.

· National regulations avoids

Additional classification according to Decree on Hazardous Materials,

Annex III: Void
Information about limitation of use: Void

· Decree to be applied in case of

technical fault: Void

• 15.2 Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

SECTION 16: Other information

This data is based on our present knowledge. However, they shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

This product (this product group) is not a hazardous substance in the sense of the currently valid GefStoffV. This safety data sheet is therefore not subject to the automatic amendment service according to GefStoffV § 6 para. 1.

· Department issuing data

specification sheet: tesa SE, Corporate Regulatory Affairs

Contact: tesa SE, Corporate Regulatory Affairs, Email: SDS@tesa.com, Tel.: +4940-88899-0

• Abbreviations and acronyms: ADR: Accord relatif au transport international des marchandises dangereuses par route (European Agreement

Concerning the International Carriage of Dangerous Goods by Road)

IMDG: International Maritime Code for Dangerous Goods

IATA: International Air Transport Association
