**Product Information** 

### Flame Retardant PE-Foam Tape

#### **Product Description**

The tesa® flameXtinct product family comprises a variety of high performance adhesive tape solutions for mounting applications. The tesa® flameXtinct assortment is clearly defined by following characteristics:

- Halogen-free
- High performance adhesives

tesa® flameXtinct 45001 product is a flame retardant PE-foam tape for permanent mounting in demanding applications. The tape comprises a flame retardant acrylic adhesive and flame retardant PE-foam with excellent bonding strength.

#### **Product Features**

- Flame retardant
- Wide product portfolio
- Excellent adhesion characteristics on a variety of surfaces
- High conformability and gap filling properties
- Extremely light weight compared to alternative flame retardant bonding options
- Shock absorbing
- Proven flame retardant characteristics according to FAR 25.853(a) app. F part1 and UL 94 HBF HF1

# **Application Fields**

- Mounting in elevators
- Bonding in aircraft cabin interiors
- Assemblies in trains
- Marine applications
- Automotive applications

#### Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

#### **Product Construction**

•	Backing	FR PE foam	•	Total thickness	1000 µm
•	Type of adhesive	FR acrylic			39.4 mils
•	Type of liner	plain red	•	Color	white

#### Properties/Performance Values

•	Static shear resistance at 40°C	good	٠	Temperature resistance short	80 °C
•	Temperature resistance long	80 °C		term	176 °F
	term	176 °F
