

tesa[®] 64285 PV10

Product Information

Tensilised polypropylene tape

Product Description

tesa[®] 64285 is a tensilised polypropylene tape with a natural rubber adhesive.

tesa[®] 64285 exhibits good tensile strength with low elongation at the same time.

The product is especially recommended for handylift applications.

Product Features

- high tensile strength
- low elongation

Application Fields

- Prematerial for handylift
- Palletising, adhering or bundling are also possible

Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

Product Construction

- | | | | |
|--------------------|------------------|-------------------|-------------|
| • Backing material | MOPP | • Total thickness | 72 µm |
| • Type of adhesive | synthetic rubber | • Colour | transparent |

Properties/Performance Values

- | | | | |
|-----------------------|----------|------------------------|-----|
| • Elongation at break | 35 % | • No discolouration | yes |
| • Tensile strength | 180 N/cm | • Residue free removal | yes |

Adhesion to Values

- | | |
|---------|--------|
| • steel | 6 N/cm |
