

Enabling you to be more sustainable : tesa[®] ecoLogo

Product Catalogue for Stationery:
more sustainable solutions for
numerous applications.

Let's **stick together** in a more sustainable way!

As your partner for high-quality adhesive solutions, we offer you everything you need for adhesive bonding, whether in the office, at home, or at school.

Keep benefiting from the advantages of a strong brand

- High tesa® quality combined with attractive prices
- tesa® ecoLogo as an indicator of a more sustainable product
- Competence and years of experience

More sustainable elements within the tesa® ecoLogo assortment

- Total share of recycled as well and renewable content in the final product (excluding packaging) is more than 50%.
- Packed in recycled or bio-based (renewable) packaging material
- Refillable (e.g. hand and table dispensers, rolls)
- Solvent-free coating process

100% recycled cardboard

The cores of our packaging tapes are made from 100% recycled cardboard

98% bio-based materials

The biobased carbon content of our tesapack® Bio & Strong is officially determined at 98%

Our strategic action areas: guidelines for the way to a more **sustainable future**

Taking on more responsibility for the world around us is becoming increasingly important – for us as a company, for our employees and for our business partners and customers. That is why we aim to make sustainability a priority at tesa and get to work with this crucial transformation of our business much faster and more urgently than previously envisaged.

Reducing emissions

Our mission to reduce global emissions includes our own production, both upstream and downstream processes. To achieve increasing energy efficiency we are implementing technologies that are very efficient in conserving resources and energy.

Responsible sourcing

We want to ensure that fair working conditions, human rights and environmental protection are upheld along the supply chain. In the long term, we aim to achieve 100% responsible and sustainable sourcing for all of our raw materials.

Use of recycled and bio-based materials

We are focusing on the reducing non-recycled fossil plastics and will increasingly use recycled and bio-based materials. We will be developing many new products with sustainable contributions.

Circularity and reduction of waste

tesa will contribute to the circular economy and use resources as carefully as possible. First and foremost, we avoid waste. Where that is not possible, we reduce it. Where waste is unavoidable, we seek to reuse or recycle it by various means.

Enable sustainability

In addition to our own product sustainability, we are working to ensure that our customers enjoy ecological benefits through the use of our products.

tesa sustainability goals

we do 

- reduce emissions
- source responsibly
- rethink materials
- push circularity
- support customers

The ecoLogo® assortment

With our more environmentally friendly adhesives, we prove that powerful adhesive performance and more sustainable production are not mutually exclusive. For our ecoLogo® products, we use recycled materials, bio-based resources, and do not use solvents or bleaching agents for the adhesive.

The range of adhesive solutions with sustainable content currently encompasses products for packaging, office supplies and repairing, as well as renovating. Our ecoLogo® assortment has been a part of our program for more than 13 years and it is constantly being expanded. Think of the environment and choose more sustainable products.

tesafilm® Eco & Crystal ecoLogo®

The new tesafilm® eco & crystal ecoLogo® is transparent in application for versatile and demanding purposes of usage. Its high recycled content of PET film backing has been approved by the independent certification organization UL Solutions (UL 2809 ECVP Environmental Claim Validation Procedure).

- Strong adhesion and silent unwinding
- High tear resistance and high age resistance
- Suitable for use in all available tesafilm® dispensers
- **Part of the tesa® ecoLogo family:**
 - Certified INGEDE 12 to be disposed with paper and cardboard without harming the recycling process
 - Film backing made of 90% post-recycled PET
 - Core made of 100% post-industrial recycled plastic

tesa® Mini Glue Roller ecoLogo®

The tesa® Mini Glue Roller comes in handy when paper or cardboard needs to be glued. Due to its small size it is convenient to take with you to school, university, or when traveling. The protective cap prevents damage to the tip of the roller.

- Strong adhesion for paper, cardboard, and photos
- Fast, hassle-free, and clean application
- Very smooth functionality due to rolling tip
- Tape length: 6 m, tape width: 5 mm
- **Part of the tesa® ecoLogo family:**
 - 100% recycled plastic (housing)
 - Solvent-free
 - Packaging 80% recycled cardboard

tesa® Roller Permanent Gluing ecoLogo®

The tesa® Roller Permanent Gluing is designed for easy gluing of typical office materials, such as paper, cardboard, or photos. It features a cartridge containing a tear-resistant PET tape with a special adhesive coating that the roller transfers to the target area. The solvent-free glue guarantees reliable and long-lasting adhesion. Due to its slightly red tint it is clearly visible to support precise application.

- Reddish glue shows where adhesive has been applied
- Strong adhesion
- Clean, fast, and permanent bonding
- **Part of the tesa® ecoLogo family:**
 - 100% recycled plastic (housing), refill 61% recycled plastic (without tape)
 - Solvent-free
 - Packaging 80% recycled cardboard

Essential everyday helpers

Our practical and precise adhesive rollers are the ideal solution for gluing paper, cardboard, or photos. The rollers are ergonomically shaped, making their usage a lot easier. In our range, you can find disposable as well as more environmentally friendly rollers, which are refillable. Find out more about our adhesive rollers – for gluing paper, cardboard, or photos!

tesa® Roller Non-Permanent Gluing ecoLogo®

Sticking materials, such as paper, cardboard, or photos with the tesa® Roller Non-Permanent Gluing not only allows the precise application of a strip of glue. It also leaves you with the option to detach and reposition any object anytime. The refillable adhesive roller contains a tear-resistant tape coated with a solvent-free glue that offers reliable yet non-permanent adhesion. Its yellow tint helps you to get perfect results.

- Clean, fast, and can be reused many times
- Sticks to paper, cardboard, photos, plastic, glass
- Yellowish glue shows where adhesive has been applied
- Tear-resistant backing (PET)
- **Part of the tesa® ecoLogo family:**
 - 100% recycled plastic (housing), refill 61% recycled plastic (without tape)
 - Solvent-free
 - Packaging 80% recycled cardboard

tesa® Mini Roller Correction ecoLogo®

The tesa® Mini Roller Correction comes in handy when a correction is needed. The protective cap prevents damage to the tip of the correction tape. With its appealing colors and attractive design, it's also fun to use.

- For perfect corrections
- Small and space saving
- Ergonomically designed for ease of use
- Dimensions: tape length: 6 m, tape width: 5 mm
- Tear-resistant backing (PET)
- **Part of the tesa® ecoLogo family:**
 - 100% recycled plastic (housing)
 - Packaging 80% recycled cardboard (tray)

tesa® Roller Correction ecoLogo®

Correcting errors or incorrect text passages has never been easier. The roller can be refilled with any suitable tesa® correction tape.

- For precise corrections
- Good cover and adhesion
- Can be written on immediately
- Tear-resistant backing (PET)
- Tape widths: 4.2 mm for printed text, 8.4 mm for hand-written text
- **Part of the tesa® ecoLogo family:**
 - 100% recycled plastic (housing), refill 61% recycled plastic (without tape)
 - Solvent-free
 - Packaging 80% recycled cardboard

100% recycled plastic
100% of the housing is recycled plastic

tesa® Stick and Easy Stick ecoLogo®

The tesa® Glue Stick¹⁾ is the universal handicraft or office paper adhesive designed for clean and easy application. It offers good adhesion with most typical home and office materials such as paper, cardboard, and photos. Any stains can be washed out easily by hand.

- Suitable for paper, cardboard, and photos
- Easy to spread
- Grease-free application
- Odorless
- Practical non-roll cap
- **Part of the tesa® ecoLogo family:**
 - 100% recycled plastic (housing)
 - Solvent-free, therefore ideal for children
 - Packaging 80% recycled cardboard (tray)
 - Glue mass contains 60% natural materials (water)

Let's stick to quality

The tesa® Glue Stick is the practical helper for home, hobby, and office. It contains a solvent-free glue and is ideal for paper, cardboard, and photos.

tesa® Glue Stamp ecoLogo®

tesa® Glue Stamp is the new and fast way for fixing light objects like photos, notes, vouchers, and all kinds of papers reliably. The innovative glue stamp is also suitable for numerous different tasks at home or at the office. With only one product, you can apply 1,100 stamps!

- Permanent gluing of paper, cardboard, notes, and photos on paper or cardboard
- Office use for receipts, vouchers, and business cards
- Home use: scrapbooking, decoration of photo albums, and various handicraft tasks
- **Part of the tesa® ecoLogo family:**
 - 100% recycled plastic (housing)
 - Solvent-free
 - Packaging 80% recycled cardboard (tray)

tesa® Pro Nature ecoLogo®

tesa® Double-Sided Tape Pro Nature is not only an ideal more sustainable floor tape to securely fasten a carpet on any surface. It is also a strong double-sided self-adhesive tape for decorating and handicraft.

- Strong double-sided adhesive
- Easy to tear by hand to simplify mounting
- **Part of the tesa® ecoLogo family:**
 - 100% recycled plastic
 - Solvent-free adhesive
 - Packaging made of recycled shrinking foil

tesa extra Power® Eco Repair ecoLogo®

If you want a high-performance duct tape offering extra tear resistance and long-term durability tesa extra Power® Eco Repair is the more environment-friendly alternative.

- For handicrafts, repairing, fastening, bundling, strengthening, marking, and much more
- Tear-resistant but easy to tear by hand
- Can be written on
- **Part of the tesa® ecoLogo family:**
 - Natural and sustainable fibers
 - 64% bio-based materials
 - Solvent-free
 - 80% recycled cardboard (core)
