

tesa® 70480

Product Information

800µm double sided white Bond & Detach tape

Product Description

tesa® 70480 is a double-sided mounting tape which can be easily removed by stretching the adhesive.

Sustainable Aspects

- · solvent free coating
- 46% bio-based adhesive componen

Product Features

- Thickness: 800μm
- · Very high bonding strength
- · High push out and shock resistance
- · Easy removability by stretching the adhesive
- · Residue free removal even after long bonding time
- High performance also on LSE substrates

Application Fields

- · Permanent mounting of components in electronic devices with easy removal option
- Temporary fixation of components in electronic devices during the production process
- Touch panel mounting in Notebooks and All-In-One PCs

Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

Product Construction

 Backing 	g	none	•	Color	white
 Type of 	f adhesive	specialty	•	Color of liner	brown
 Type of 	fliner	glassine	•	Thickness of liner	72 μm
 Total th 	nickness	800 μm			

Properties/Performance Values

	Removability after 14 days (23°C) Residue-free removability	very good yes		Static shear resistance at 40°C Temperature resistance long	very good 60 °C
•	Solvent free	yes		term	
•	Static shear resistance at 23°C	very good	•	Temperature resistance short	90 °C
