tesa® BABOO Storage Box, Self-Adhesive, Bamboo & High-Quality Plastic

Product Information

BNR 40520

Product Description

The tesa® Baboo box is a practical storage solution that uses tesa® Powerstrips Waterproof technology: a drill-free, adhesive mounting solution. This open container will keep in order all kinds of bathroom essentials or make taller objects accessible and easy to reach. The box is made of high-quality matt white plastic, a look that suits any bathroom style. The included adhesive tesa® Powerstrips Waterpoof strips ensure a water-resistant bonding with max. holding power of 3 kg. The strips are removable without leaving residues. The box can be remounted using tesa® Powerstrips Waterproof XL refill strips.

Product Features

*Storage box with tesa® Powerstrips Waterproof technology (all-in one adhesive mounting solution), 3 kg max.holding power

- Open box offers space to store items like hair and cosmetic brushes and much more
- Modern design, matt white high-quality plastic box
- Space-saving bathroom storage solution to keep bath essentials well organized and easy to reach

- Reusable after removal with new tesa® Powerstrips Waterproof XL strips - available separately as refill pack
- tesa® Baboo boxes are available in different sizes
- Product dimensions: 86mm x 110mm x 80mm

Application Fields

Mounting
1. Clean the surface with alcohol or silicone-free glass cleaner
2. Wipe the waterproof primer over the surface using the primer tissue- wait for 10 seconds to allow the primer to evaporate
3. Attach the Powerstrips® to the base plate of the box - press firmly for 5 seconds minimum
4. Remove the cover sheets from the Powerstrips®
5. Position the box on the surface - press firmly towards the wall
6. Slide the box upwards and take off from the base plate - press the base plate firmly for 5 seconds minimum
7. Position the box on the base plate and slide down until it snaps into place

Disassembly
1. Slide the box upwards and take it off from the base plate
2. First stretch the tab of the Powerstrip® to around 3-5 cm, hold base plate tight - don't press it on, and keep stretching the Powerstrip® parallel to the surface (do not pull strip away from the surface, as Powerstrip® may rip)
